PROFESSIONAL SUMMARY

Results-driven Computer Science graduate with strong expertise in IT Service Management (ITSM), Business Intelligence (BI), and IT Operations. Proven track record in optimizing enterprise IT workflows, configuring Configuration Management Databases (CMDB), and managing IT Asset Management (ITAM) lifecycles aligned with ITIL 4 frameworks. Skilled in leveraging Power BI, SQL, and data governance to monitor SLAs, automate KPI reporting, and deliver actionable insights for executive leadership. Adept at bridging the gap between technical infrastructure and business requirements to streamline incident, change, and asset management in major enterprise and government projects.

CORE COMPETENCIES

- **IT Service Management (ITSM):** ITIL 4 Framework, Incident Management, Change Management, Problem Management, SLA Monitoring, Service Desk Analytics, Service Delivery.
- **IT Asset & Infrastructure Management:** CMDB Configuration & Auditing, IT Asset Management (ITAM), Asset Lifecycle Tracking, Hardware Deployment, Configuration Items (CIs).
- **Business Intelligence & Analytics:** Power BI, DAX, Power Query, Data Modeling, Dashboard Development, KPI Reporting, Predictive Analytics, SQL, ETL, Data Governance.
- **Technical & Professional:** Requirements Gathering, Technical Process Improvement, Cross-Functional Collaboration, Executive Reporting, Stakeholder Management.

PROFESSIONAL EXPERIENCE

Service Delivery Officer (Tamheer) | Perfect Presentation (2P) — Madinah, Saudi Arabia

Feb 2026 – Present

- **IT Infrastructure & CMDB Management:** Led the end-to-end discovery, auditing, and structured reconciliation of 1,000+ enterprise IT assets across client projects, establishing a centralized CMDB.
- **Process Digitalization & Efficiency:** Digitalized asset tracking workflows, improving data accuracy by 35%, eliminating operational discrepancies, and reducing device lifecycle processing time by 20%.
- **IT Operations & SLA Management:** Developed dynamic executive Power BI dashboards to track core ITSM KPIs (incidents, service requests, change requests), helping maintain a 98%+ SLA compliance rate.
- **User Support & Deployment:** Oversaw hardware replacement initiatives for 300+ users, ensuring seamless allocation, deployment, and documentation compliant with organizational standards.
- **Data-Driven Service Delivery:** Generated weekly and monthly executive reports using key performance metrics, streamlining team workflows and reducing average incident resolution time by 15%.

Data Analyst (Project Contract) | Madinah Development Authority — Madinah, Saudi Arabia

Jan 2025 – Jan 2026

- **Strategic Risk & Data Analysis:** Conducted comprehensive data analysis and risk assessments on complex government datasets for strategic decision support.
- **Requirements & Systems Alignment:** Collaborated with cross-functional IT and business teams to define project requirements, aligning technical capabilities with organizational goals.
- **Executive Decision Support:** Engineered interactive Power BI dashboards and predictive models, translating complex technical metrics into strategic recommendations for leadership.

KEY IT PROJECTS & MANAGED SERVICES

Enterprise Managed IT Services | Perfect Presentation (2P)

- **Taibah University Managed IT Services:** Spearheaded end-to-end IT asset discovery and CMDB configuration across university-wide IT infrastructure, establishing automated Configuration Item (CI) relationships and streamlining incident, change, and request workflows.
- **Madinah Region Municipality Managed IT Services:** Managed hardware exchange and asset registration for municipal operations (improving log accuracy by 25%), while analyzing service desk data to sustain high SLA compliance.

TECHNICAL SKILLS

- **ITSM & Tools:** ITIL 4, CMDB, IT Asset Management (ITAM), Service Desk Operations, SLA Tracking, Incident/Change Management, iTop, Ivanti, PRTG.
- **Business Intelligence & Data:** Power BI, DAX, Power Query, Data Modeling, Advanced Excel, SQL, SQL Server, ETL, Data Governance.
- **Programming & Web:** Python (Data Analysis), HTML, CSS, JavaScript, PHP.
- **Productivity & Collaboration:** Microsoft Office Suite, Executive Reporting, Stakeholder Communication.

EDUCATION

Bachelor of Computer Science — First Class Honours (GPA: 3.86 / 4.00)

Umm Al-Qura University | Jun 2020 – Jun 2024

CERTIFICATIONS & COURSES

- **ITIL® 4 Foundation — IT Service Management** (In Progress, Expected 2026)
- **Data Analysis Using Power BI** — Tuwaiq Academy
- **SQL for Business Analysis** — Udemy
- **Angular Development** — Tuwaiq Academy
